final commit

iimpala committed 35 seconds ago

 Commits on Mar 22, 2022

modify derivate function to central

iimpala committed 36 minutes ago

change h

iimpala committed 38 minutes ago

result

iimpala committed 41 minutes ago

execute test function

iimpala committed 41 minutes ago

y hat

iimpala committed 42 minutes ago

check derivative function

iimpala committed 43 minutes ago

change h

iimpala committed 1 hour ago

derivative f'

iimpala committed 1 hour ago

set delta x

iimpala committed 1 hour ago

define cosine

iimpala committed 2 hours ago

import library

iimpala committed 2 hours ago

initial commit 03-2

iimpala committed 2 hours ago

assignments  iimpala committed 7 hours ago
final commit  iimpala committed 7 hours ago
compute norm gradient  iimpala committed 7 hours ago
central difference y  iimpala committed 7 hours ago
backward difference y  iimpala committed 7 hours ago
forward difference y  iimpala committed 7 hours ago
central difference  iimpala committed 7 hours ago
backward difference  iimpala committed 7 hours ago
forward difference - modify  iimpala committed 8 hours ago
forward difference  iimpala committed 8 hours ago
normalize  iimpala committed 9 hours ago
convert image - modify  iimpala committed 9 hours ago
convert image  iimpala committed 9 hours ago
check image size  iimpala committed 9 hours ago
import and load  iimpala committed 9 hours ago
initial commit  iimpala committed 9 hours ago
